4. Education Qualification and Background

YEAR	UNIVERSITY/SCHOOL	QUALIFICATION AWARDED
Oct 2009- June 2012	University of Dar es Salaam	Bachelor of Science in computer science
Apr 2007- Feb 2009	Ifunda Technical Secondary school	Advanced level education majoring physics,chemistry,mathematics
Jan 2003-oct 2006	Ifunda Technical Secondary school	Ordinary level education
Jan 1996-sept 2002	Kidudwe Primary school	Primary education

5. Professional experience

➤ 1ST PRACTICAL TRAINING

COMPANY: UNIVERSITY OF DAR ES SALAAM

DEPARTMENT: Centre for Virtual Learning(CVL)

LOCATION: Dar es Salaam

PERIOD: July-September 2010

MAIN ROLE:

Designing a web based system for registering students and their related course of study in a particular school and giving out their examination results online.

SUB ROLES:

- System and website designing and administration
- Deep application of Linux(Ubuntu) operating systems to do all tasks assigned
- Computer maintenance
- Network troubleshooting

➤ 2nd PRACTICAL TRAINING

COMPANY: UNIVERSITY OF DAR ES SALAAM

DEPARTMENT: Computer Science

LOCATION: Dar es Salaam

PERIOD: July-September 2011

MAIN ROLE:

Designing and upgrading of network system in two computer laboratories and ensuring that there shall be no possibility for other people who come there to remove network cables that we installed

SUB ROLES:

- Estimating cost of running project
- Designing of network topologies
- Installing dual operating systems to all computers. ubuntu version 11 and windows 7 operating systems

➤ FINAL YEAR PROJECT

We Conducted a research **on identifying the network security vulnerabilities in the university of Dar es Salaam Local Area Network (LAN)** at which we discovered so many weaknesses in terms of network security.

In this project I discovered so many things that designers if don't take carefully risk measures great threat to members accessing their information stored from servers may happen.

I witnessed so many things that should be taken care when administrating systems especially to a point when people are accessing very confidential and sensitive information at which one's privacy is very critical.

➤ **CURRENT OCCUPATION**

COMPANY: Cats-net.com

DEPARTMENT: Internet

LOCATION: Dar es Salaam

Website: www.cats-net.com

Position: network and site engineer (intern)

Duration: September up to date

Role: installation and troubleshooting of internet connections

Sub roles:

- Help desk
- Online troubleshooting of internet problems
- Site survey for internet connection for new customer
- Estimating project cost
- Preparing network topology(physical) for new network installation
- Configuration, installation and troubleshooting of different kinds of antenna
- Installation, terminating and troubleshooting of fiber optic cable.
- Be responsible for every new emerging technology, ensuring that I understand and make use of it for the betterment of my company

➤ **PERSONAL DEVOTION**

Apart from other duties at Cats-net as long as I'm in internship period I personally devoting much effort acquiring these skills

- CCNA certification examinations
- N computing technology
- Voice over Internet protocol(VoIP) technology

Workshop attendance

- I attended the workshop conducted by **the College of Informatics and Communication Technology (CoICT)** at the University of Dar es salaam on 12th November 2011. The workshop was all about career guidance and was instructed by **eng. George Mulamula** from **Tanzania commission for science and technology (costech)** together with some of lectures from the University of Dar es salaam.
- I attended the workshop conducted also by the **College of Informatics and Communication Technology (CoICT)** at the University Of Dare S Salaam on 11th April 2012. The workshop was all about
 1. **Cloud Computing**
 2. **Broadband internet access**
 3. **Mobile Technology**

All the mentioned topics were instructed by **Prof. Michael Be'zy** from **Carnegie Mellon University Rwanda** at which I realized the importance of making use of the Cloud computing technology in organizations mainly for cost effective and high security data storage.

In these workshops I learnt a lot of stuffs that articulate the importance of using emerging computer technologies mainly for improving efficiency of work at a cheap price especially in developing countries like **Tanzania**.

6. Short course attended

I attended short course called **Cisco Certified Network Academy (CCNA)** at the University Computing Centre (UCC) at UDSM branch where I learnt so many things concerning computer networks that have strongly founded my career toward networking, recently I'm preparing to do CCNA certification examination.

7. Professional skills

- **Operating Systems:**
Installation, configuration, troubleshooting, maintenance and usage of Linux operating systems (Fedora, Ubuntu, Linux, bongo Linux, open suse) and windows (95/98/ 2000/XP/ Vista/ Windows 7/windows 8) operating systems.
- **Applications software:**
Installation, configuration, troubleshooting, maintenance and usage of Microsoft Office (2003, 2007, 2010), Adobe Dreamweaver, Adobe Photoshop, Packet Tracer.
- **Application programs:**
Full application of Microsoft word, excel, power point, Microsoft publisher, internet and many other applications.
- **programming, Web Development and Administration:**
By using these languages PHP, HTML, C, JAVA.
- **Maintenance:**
Computer Maintenance, Troubleshooting, Assembling & Disassembling.
- **Networking:**
Design, Installation and Configuration of Local Area Networks (LANs)
- **Fiber optic technology**
Good understanding of fiber optic cable, its advantages, challenges and usage.
How does it work, termination, configuration and installation
- **Database:**
MySQL RDMS

8. Extra curriculum activities

- Volunteering
- Dancing, singing and playing music
- Playing and watching football
- Jogging

9. Referees

1. Dr. Godfrey, Justo
UDSM Lecturer
Department of Computer science and Engineering
University of Dar es salaam
P.O. Box 35062
Dar es Salaam
Mobile: +255 716 782195
Email: justo@udsm.ac.tz
2. Dr. Honest C. Kimaro
UDSM Lecturer
Department of Computer science and Engineering
University of Dar es salaam
P. O. Box 35062
Dar es Salaam
Mobile: +255 784 147946
Email: honest_c@yahoo.com
3. Mr Wilhelmi Jumanne
Network and senior support Engineer at cats-net
P. o Box 2569
Dar es Salaam
Mobile: +255 713 470073
Email: wilhelmi@cats-net.com

10. Declaration

“I declare that the stated information is true, complete and correct beyond reasonable situation.”
